Article II--Alcoholic Beverages at Social Events on Campus

- A.** Any person or group of persons holding a function at a campus location where consumption of alcoholic beverages is permitted by this policy, including locations where special permission is given per section Article I Section C. above, shall abide by the following regulations in conducting the function:
1. The person or group(s) holding the function shall establish precautionary measures at the function to ensure that alcoholic beverages are not served to persons under the legal drinking age or to persons who appear intoxicated. Every organization must have a system for determining which guests are of legal age. No person under the age of 21 will be allowed to bring to or use alcohol at the event.
 2. Designated server(s) at the function shall not consume alcoholic beverages prior to or during the event. All alcoholic beverages intended for service must be controlled by the designated server(s).

 6. Alcoholic beverages shall not be provided as free awards, prizes, or rewards to an individual(s) or group(s).

7. Additional restrictive guidelines for the serving and consumption of alcohol may be established by the person or group holding the function.
8. All campus events at which alcoholic beverages will be served are considered potentially hazardous events and are governed by Regulation UCF-4.0292. That regulation requires the submission of a Safety Action for Event (SAFE) Form to appropriate officials to review and approve the proposed event.
9. The university generally discourages the overt marketing of alcohol sales. All campus announcements or advertisements are governed by the university's solicitation policy, Regulation UCF-4.010. Additionally, announcements or advertisements (including, but not limited to, flyers, notices, posters, banners, t-shirts, promotional items, and newspaper and radio advertisements) concerning social events governed by this policy shall note the availability of non-alcoholic beverages at the function more prominently than the availability of alcoholic beverages.

4. Notwithstanding the foregoing provision, no common source containers of any type are permitted in connection with football tailgating. Drinking games or activities that encourage the rapid consumption of alcohol are not permitted.
5. While alcohol may be possessed and consumed in the open parking lots (tailgating is not permitted in parking garages) in connection with UCF football tailgating, no alcoholic beverage may be taken inside Bright House Networks Stadium on game day. Persons found in possession of alcoholic beverages within Bright House Networks Stadium, except as permitted in Section I.B.5, will forfeit their game or event ticket(s) and will be expelled from the game or event. Subsequent violations of this policy may result in the loss of the privilege to attend an athletic or other event for a designated period of time.
6. Any intoxicated or disorderly person will be barred from entering the athletic facility or will be evicted from the athletic facility at the discretion of law enforcement. Law enforcement personnel will handle intoxicated or disorderly persons in accordance with their normal protocols.

Article IV--Policy Enforcement

1. The University Police Department is responsible for exercising normal police powers in enforcing laws relating to alcohol.
2. Violations of the Alcoholic Beverages on Campus Policy may be addressed at the university level in addition to being adjudicated, if applicable, in the court system. At the university level, employees violating this policy may be subject to disciplinary action; students and student organizations violating this policy may be subject to student disciplinary action under the Student Rules of Conduct as referenced in the UCF Golden Rule; and visitors to campus violating this policy (or any law or ordinance regulating alcoholic beverages) may be trespassed from campus.
3. In circumstances in which alcohol is indicated to be an ingredient of a problem, students, faculty and staff members may be required by the university to participate in an alcohol assessment program.
4. A person who violates law or university policy while intoxicated remains fully responsible for his or her actions and the consequences thereof. The consumption of alcohol and/or the results of such consumption are never considered to compromise personal responsibility or accountability for one's actions.

5. A registered student organization not complying with the university alcohol policy may forfeit its opportunity to receive student fee support and other privileges of registered student organization status and may also be subject to review under the student organization conduct review process.
6. Campus events may be terminated by either a designated university staff member or law enforcement officer for violation of this policy. Additionally, disciplinary action may be taken against the sponsor of the party or event.
