APPLICABILITY

This policy applies to all members of the university community.

BACKGROUND STATEMENT

The University of Central Florida (UCF) is committed to the safety and security of its students, employees, and visitors. As part of that commitment, and in compliance with the requirements of The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), this policy establishes missing person procedures for students residing in on-campus student housing who are missing or believed to be missing.

POLICY STATEMENT

It is the policy of the University of Central Florida that the UCF Police Department will generate a missing person report and initiate an investigation immediately upon receipt of notification that a student who resides in on-campus student housing may be missing. After investigating a missing person report and determining that the student has been missing for 24 hours, and no later than 24 hours after the student is determined to be missing, UCF will notify the students' designated missing person contact.

DEFINITIONS

Emancipated. A minor who has been declared by a court order or other formal arrangement independent of her/his parents or legal guardian.

Missing Person. A student is deemed a missing person when there is no contact with the student, through regular or normal contacts, for more than 24 hours.

On-campus Student Housing. Any student housing facility that is owned or controlled by the university, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus housing facility.

PROCEDURES

I. Where to report missing students

If any member of the university community receives a report or has reason to believe a student residing in on-campus student housing is missing, they should immediately contact the UCF Police Department at 407-823-5555. The UCF Police Department will generate a missing person report and initiate an investigation.

II. Identifying a contact person

Orlando Main Campus, Rosen, NorthView, and Knights Circle Housing

- a. Prior to the beginning of each semester and the week following the university add/drop period, the Department of Housing and Residence Life will send an email notification to all on-campus residents on how to register their contact person or persons for missing person purposes. The missing person contact is designated separately from any general emergency contact even though they may be the same individual.
- b. Students will have their contact information registered confidentially. This information is only accessible to authorized campus officials and will only be disclosed to law enforcement personnel to further a missing person investigation. To protect confidentiality, general emergency contact information will be requested and kept separate from missing person contact information. Students may register the same person for both purposes.
- c. For persons under 18 years of age and who are not emancipated, the university will notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person(s) designated by the student.

III. Notification Procedures

- a. UCF's missing student notification procedures will go into effect within 24 hours of the determination that a student who lives in on-campus student housing has been missing for 24 hours. This does not preclude initiating notification procedures as soon as the university determines that a student is missing.
- b. If a student has designated a contact person, university officials will notify that contact person no later than 24 hours after it has been officially determined that the student is missing.
- c. If a student registers multiple contacts, they will be contacted in an order determined by UCF. If the first person contacted states that the student is not missing, UCF will contact each additional contact person in turn, unless the university is able to contact or is contacted by the student in question. Unsuccessful attempts to contact named individuals will be documented.
- d. If the student is under 18 years of age and is not emancipated, UCF will contact both the custodial parent or guardian and the missing person contact.
- e. Regardless of whether the student has identified a missing person contact, is above the age of 18, or is an emancipated minor, the UCF Police Department will notify the Orange County Sheriff's Office within 24 hours of the determination that the student is missing.
