APPLICABILITY/ACCOUNTABILITY

This policy applies to all persons and activities on UCF’s campuses.

POLICY STATEMENT

In accordance with University Regulation UCF-4.035, the University of Central Florida (UCF or university) prohibits the unsafe or unlawful service, distribution, possession, or consumption of alcoholic beverages on campus. Members of the university community, vendors, and visitors are obligated to adhere to the requirements of state statutes, local ordinances, and university regulations and policies that regulate the service, possession, and consumption of alcoholic beverages. The university will cooperate in the enforcement of these legal requirements. All campus events, except those specifically exempted in this policy, at which alcoholic beverages will be served are considered potentially hazardous events and are governed by University Regulation UCF-4.0292. That regulation requires the submission of a Safety Action for Event (SAFE) Form to appropriate officials to review and approve the proposed event.

For example, it is necessary to obtain a license or permit from the Division of Alcoholic Beverages and Tobacco of the State of Florida.

The Statement of Responsibility will require the registering organization officers to agree to abide by the regulations and policies of the university, specifically including the Alcoholic Beverages on Campus Policy, and to acknowledge that a failure by the organization or its members to do so may result in sanctions.

Article II
Alcoholic Beverages at Social Events on Campus

A. Any person or group of persons holding a function at a campus location where consumption of alcoholic beverages is permitted by this policy, including locations where special permission is given per section Article I Section C. above, must abide by the following provisions in conducting the function:

1. The person or group(s) holding the function at an area requiring a SAFE form must establish precautionary measures at the function to ensure that alcoholic beverages are not served to persons under the legal drinking age or to persons who appear intoxicated. Every organization must have a system for determining which guests are of legal age and submit those measures with the SAFE form for review. No person under the age of 21 will be allowed to bring to or consume alcohol at the event.

2. If attendees are anticipated to include individuals below the minimum legal drinking age, then procedures must be in place to prevent consumption of alcoholic beverages by these individuals. Options could include:
   a. Servers and/or responsible employees request an ID from any guest who appears to be age 30 or younger before providing them with alcohol or upon event entry.
   b. Alcohol is served in a designated entry-controlled area for attendees at or above the minimum legal drinking age, such as a beer tent or beer garden.
   c. Attendees wear or display a physical indicator of their age relative to the minimum legal drinking age, such as a wristband or marked name badge.
3. Designated server(s) at the function must not consume alcoholic beverages prior to or during the event. All alcoholic beverages intended for service must be controlled by the designated server(s).

4. Non-alcoholic beverages must be available and always prominently featured at the same place as alcoholic beverages. The person or group responsible for the function will ensure more non-alcoholic beverages are available for consumption than alcoholic beverages.

5. The only alcoholic beverages that may be possessed or consumed at the function are those alcoholic beverages served at the function, and alcoholic beverages must be consumed within the function’s designated area.

6. Alcoholic beverages may not be served or consumed at any social event held in conjunction with fraternity or sorority recruitment or other organized drive to recruit students to an organization or group.

7. Alcoholic beverages must not be provided as free awards, prizes, or rewards to an individual(s) or group(s).

8. Additional restrictive guidelines for the serving and consumption of alcohol may be established by the person or group holding the function.

9. The university generally discourages the overt marketing of alcohol sales. All campus announcements or advertisements are governed by the university’s solicitation policy, Regulation UCF-4.010. Additionally, announcements or advertisements (including, but not limited to, flyers, notices, posters, banners, t-shirts, wristbands, promotional items, and newspaper, radio, and social media advertisements) concerning social events governed by this policy must note the availability of non-alcoholic beverages at the function more prominently than the availability of alcoholic beverages.

Furthermore, announcements or advertisements must:

   a. state that persons being served or sold alcoholic beverages must provide proper identification
   b. contain no description of the amount of alcoholic beverages (e.g., number of kegs of beer) available at the function
   c. not refer to any form of drinking contest
   d. include no images of kegs, common source alcohol, alcoholic beverage bottles or containers, or alcoholic beverage glasses
   e. not portray the drinking of alcoholic beverages as a solution to personal or academic problems or as necessary to social, sexual, personal, or academic success
   f. contain no overt marketing of alcohol sales.

10. Any campus event serving alcohol that is open to the general public must occur at a venue licensed to provide and serve alcohol or use a licensed caterer with the proper alcohol serving licensing and have documented responsible vendor training and current liquor liability insurance coverage. Faith leaders of religious organizations may serve sacramental alcohol in accordance with a religious
service without a third party caterer provided no individual will consume more than two ounces.

11. Any campus event in which the organizers utilize a third-party vendor to distribute/serve alcohol must also have food served at the event.

**Article III**

**Alcoholic Beverages in Athletic Facilities on Campus**

A. University athletic facilities require special consideration. Alcohol in any form is prohibited within the athletic facilities of the University of Central Florida, except as provided in this policy.

1. A statement concerning alcohol prohibition must be written on programs or on game tickets and other publicity material distributed at athletic events.

2. Public service announcements on the public address system or radio should be developed to remind people who travel by vehicle to large-scale athletic events of the hazards of drinking alcohol and driving.

3. Persons of legal age are permitted to possess and consume alcohol in designated areas and at designated times in connection with UCF football tailgating, or on such other athletic, cultural, or social occasions as permitted by the president or the president’s designee.

4. Notwithstanding the foregoing provision, no common source containers of any type are permitted in connection with tailgating. Drinking games or activities that encourage the rapid consumption of alcohol are not permitted.

5. While alcohol may be possessed and consumed in the open parking lots (tailgating is not permitted in parking garages) in connection with UCF tailgating, no alcoholic beverage may be taken inside any intercollegiate athletic facility where an intercollegiate competition is taking place. Persons found in possession of alcoholic beverages within any intercollegiate athletic facility, except as permitted in Section I.B.5, may forfeit their game or event ticket(s) and may be expelled from the game or event. Subsequent violations of this policy may result in the loss of the privilege to attend an athletic or other event for a designated period of time.

6. Any intoxicated or disorderly person will be barred from entering the athletic facility or will be evicted from the athletic facility at the discretion of law enforcement. Law enforcement personnel will handle intoxicated or disorderly persons in accordance with their normal protocols.

**Article IV**

**Policy Enforcement**

1. The University Police Department is responsible for exercising normal police powers in enforcing laws relating to alcohol and may be called upon to assist in the assessment and evaluation of situations involving individuals reasonably suspected to be under the influence of alcohol. A person who violates the law or university policy while intoxicated remains fully responsible for their actions and the consequences thereof. The
consumption of alcohol and/or the results of such consumption are never considered to
compromise personal responsibility or accountability for one’s actions.

2. An employee must not report to work intoxicated. Work includes participation
in/attendance at university sponsored events at which alcohol may be provided or
available, and includes university-paid attendance at conferences, workshops, and any
other similar work or scholastic venue. Additionally, employee(s) must abide by the law,
university regulations, and policies.

3. A student must not report to class intoxicated. Additionally, student(s) must abide by the
law, university regulations, policies and the Golden Rule Student Handbook.

4. An employee in a position of responsibility for a university event/activity will be expected
to exercise personal restraint with regard to consumption and intoxication of alcohol
during/at the event.

5. Violations of this policy may be addressed at the university level in addition to being
adjudicated, if applicable, in the court system. At the university level, employees
violating this policy may be subject to disciplinary action for misconduct, up to and
including possible termination, and referral for criminal prosecution; students and student
organizations violating this policy may be subject to student disciplinary action under the
Student Rules of Conduct as referenced in the UCF Golden Rule Student Handbook;
and visitors to campus violating this policy (or any law or ordinance regulating alcoholic
beverages) may be trespassed from campus indefinitely.

6. In circumstances in which an employee is repeatedly intoxicated at work or in which their
job performance is diminished due to alcohol consumption, they may be required by the
university to participate in an alcohol assessment and possible intervention or treatment
program(s).

7. A registered student organization not complying with the university alcohol policy may
forfeit its opportunity to receive student fee support and other privileges of registered
student organization status and may also be subject to review under the student
organization conduct review process.

8. Campus events may be terminated by either a designated university staff member or law
enforcement officer for violation of this policy. Additionally, disciplinary action may be
